

Jan Van Schalkwyk
Auditor-General's Office
South Africa
INTOSAI Capacity Building
Committee (CBC)

Jan started his career as a chartered accountant at Deloitte in 1991. Jan's interest in accounting and auditing was always balanced with a passion for people development and transformation. This finally led him to a move to the Auditor-General's Office, South Africa (AGSA) in 1997, playing a major part in the organisation's efforts to professionalise.

In 2015, he was appointed as the Executive in the Auditor-General's Office, where he takes responsibility for the coordination of the Auditor-General's engagement with the rest of the organisation, as well as the Auditor-General's international and local stakeholder programs. He also remains quite involved in the INTOSAI community, most notably in the INTOSAI Capacity Building Committee.

GLOBAL SUMMIT

for Professionalisation of SAI Auditors

LONDON, UK AND ONLINE

14-15 November 2023
